

JONATAN BLOMBERG

Gothenburg, Sweden | +46 731 432 838 | jonatan.blomberg@icloud.com | www.linkedin.com/in/jonatanblomberg

Recently graduated with a B.Sc. in Informatics specializing in Systems Development and currently working as an Implementation Specialist at Thomson Reuters. With a background in product management and B2B operations, I enjoy combining technical understanding with business and user perspectives to develop meaningful digital solutions. I am particularly interested in product development, app development and emerging technologies, and I am eager to grow in a Product Owner or product-focused role. Learn more about my experience and projects at <https://jonatanblomberg.se>
